The Florida Homicide Investigators Association (F.H.I.A.) has been in existence in for over 22 years and provides training throughout the state on a wide variety of topics dealing with death investigations, new technological advances and current issues affecting the prosecution of cases.

Our most recent conference was held in November 2009 in Lake Mary, FL. *Our next conference is scheduled for November 15th through 19th, 2010 at the Orlando-Lake Mary Marriott.* These conferences combine great training with excellent networking opportunities for investigators from across the state and nation. The annual membership form is attached for your convenience.

Thank-you,

Paul J. Andrews
F.H.I.A. President
